Profile

As a software student, I am committed to staying current on emerging technologies and expanding my proficiency in various programming languages. I actively pursue learning through online courses, hands-on projects, and community engagement. My dedication to continuous improvement extends to both technical and soft skills, making me ready to contribute to innovative projects in the dynamic tech landscape.

Education

M.SC. Software Systems (5-Year Integrated)

Coimbatore Institute of Technology

2022 – 2027

CGPA: 7.75 (Till 4th Semester)

Higher Secondary

Premier Vidya Vikash

Percentage: 85%

Secondary School

Chinmaya Vidyalaya CBSE

Percentage: 75%

Interests

- Web development
- DBMS
- Object-Oriented Programming
- Python

Certificates

Hacker Rank

Python(basic)

Problem solving(basic)

BWS

Full stack

Coursera

Cybersecurity

Professional Experience

Full Stack Web Development Intern Business Web Solutions

- I successfully executed a comprehensive web development project that transformed a client's business website through strategic technological implementation.
- By integrating cutting-edge technologies like ReactJS, NodeJS, FastAPI, and MongoDB, I engineered a robust digital solution that optimized business processes and enhanced website performance.

Projects

Parking management system

Developed a Java Swing application integrated with Oracle Database to efficiently manage parking operations, including vehicle entry/exit tracking, parking slot allocation, and fee calculation.

Customer Attrition Prediction for Telecommunication

Built a machine learning web application using Python and React.js to predict customer attrition in telecom services.

FODITO

Built a full-stack application using React, Node.js, and MongoDB to streamline food ordering and delivery. Features include user authentication, restaurant browsing, menu selection, order tracking, and role-based interfaces for customers and delivery personnel.

Skills

Technical Skills

C, C++, Python, Full Stack, MySQL, MangoDb

Soft Skills

Adaptability, Teamworker, Time management, Perseverance
